ADMISSIONS POLICY

This Admissions Policy is used to define the enrollment requirements for individuals who wish to enroll at Houston Training Schools as a regular student. Houston Training Schools must adhere to the U.S. Department of Education, Texas Department of Licensing and Regulation and Council on Occupational Education guidelines.

AMERICANS WITH DISABILITIES ACT OF 1990

If enrolled under training with a government agency, institution district, and/or other entity, students must meet the admission requirements set out in the training agreement and/or applicable state licensing or certifications requirements. The school will provide reasonable modifications and/or accommodations for students with disabilities depending on the student's need.

If you are interested in attending Houston Training Schools, but are in need of accommodations, you should schedule an appointment with the school Director. At this meeting, we will discuss the nature of the reported disability and its impact on learning. We will also discuss the process of receiving reasonable accommodations at Houston Training Schools and the types of accommodations available.

Please bring copies of current documentation of a disability to this meeting. Documentation must be provided by a medical expert within the last three years and include:

- A diagnosis of the disability
- How the diagnosis was determined
- A clinical summary which includes an assessment of how the disability will impact the individual in a school environment and what accommodations are recommended.

Upon completion of the initial meeting, a formal request for the accommodation must be submitted in writing to the school. The school will respond to the request within 15 days of receipt. During the 15-day time frame, the school will consult the Texas Department of Licensing and Regulation in order to ensure the accommodation will be granted during the state board licensing exam. The initial meeting, formal request, and response from the school must take place prior to the enrollment process.

In order to be eligible for Title IV funding, you must be able to benefit from the reasonable accommodations and be able to take the state board licensing exam.

HTS also complies with all provisions of Section 504 of the Rehabilitation Act of 1973 in that no qualified handicapped person, by reason of handicap, will be excluded from enrolling in a program of instruction.

Any questions from the prospective student will be answered truthfully, promptly and in sufficient detail to eliminate confusion.

The school operates five days weekly. Check with each campus for business hours. Students may apply for admission any day of the week the school is in operation. Classes start weekly with some exceptions.

The following holidays are observed: New Year's Day, Memorial Day, Independence Day (July 4th), Labor Day, Thanksgiving Day, and Christmas Day. The school may be closed for additional days during the Christmas and Thanksgiving holidays. Additional closure dates will be published in advance for the holiday schedule. In case of bad weather or other extenuating circumstances, Houston Training Schools will normally close if the Houston Independent School district closes due to bad weather or extenuating circumstances.

EXTENDED CREDIT/MAKE-UP TIME

Students may obtain additional training beyond their scheduled training hours only during times that the institution is open for business and providing training in the program in which a student is enrolled. This policy accommodates students who may be working on a lab or clinic application that extends beyond their scheduled hours of attendance, and for students who may need to make up time as a result of prior absences by the student. Licensed instructors are on campus and are providing training and supervision of lab or clinic services between the hours of 8:30 am and 5:00 pm. Students may only obtain additional training during these hours. No credit will be given for any time that a student is clocked in if supervised training is not being provided.

Additional training time will be granted for practical work only, i.e., performing clinic services, lab applications and procedures, or sanitation training. Additional training time will only be permitted if space is available and may not displace another student who is in attendance during his/her scheduled time of attendance. The acting instructor/supervisor on site has the authority to restrict additional training time at his/her discretion.

LIVING QUARTERS

When requested, the school may assist the student in acquiring adequate housing facilities. A student requiring housing assistance should contact the school prior to enrollment. Housing is not provided by the school.

COUNSELING

New students are counseled regarding progress on a regular basis according to the published Satisfactory Academic Progress Policy. Counseling regarding personal matters, licensing regulations, reciprocity, employment and continuing education opportunities is available to students as needed. The administration office has a list of agencies for referral if a student requests other assistance.

Regular progress evaluations include counseling regarding the student's progress in attendance, theory, practical skills, and professional development. Student strengths and areas needing improvement are discussed.

OSHA REQUIREMENTS

In compliance with the United States Department of Labor Occupational Safety and Health Administration requirements, the school advises its students of the chemicals used in cosmetology training. During orientation the student learns about the importance of safety in the work-place and how to use and follow the Material Safety Data sheets (**MSDS**) for chemicals used in cosmetology or related training. During each unit of study, students are apprised of the various chemicals used and safe practices that apply. A complete file containing material Safety Data Sheets for the chemicals used is available in the administration office.

LEAVE OF ABSENCE

Students may request Leaves of Absence during any 12-month time period. If approved, the official leave extends the contract period by the same number of days approved and used in the Leave of Absence. No reentry fee will be charged if the student returns to class on or before the first class day scheduled after the termination of the LOA.

Students must provide a written, signed, and dated request that includes the reason for the request for a leave of absence prior to the leave of absence. However, if unforeseen circumstances prevent a student from providing a prior written request, the institution may grant the student's request for a leave of absence, if the institution documents its decision and collects the written request at a later date.

A leave of absence will be approved for no more than 180 CALENDAR DAYS unless there is documented evidence of medical reasons for an extension. The request must be made in writing and approved by the corporate office. If the student does not return from the LOA as approved, he/she will be considered withdrawn from the program of study as of the last day of the leave. Students are not eligible to receive financial aid while on Leave of Absence. A student may take no more than 180 calendar days of leave in any 12-month period.

GRADUATION REQUIREMENTS

Students must meet the following requirements to qualify for graduation:

- Successfully complete ALL phases of the program of study, including required tests and practical assignments.
- Attain a passing grade on the final written and practical exam administered by the school faculty.
- Complete the minimum hour requirements established by the state regulatory agency.
- Make satisfactory arrangements for payment of all debts owed to the school.

Upon completion of a program of study, and all graduation requirements, the graduate will be eligible to file an application for the state licensure exam by completing the required health certificate, and having the school certify the hours completed. The state licensure exam is a written and practical skills evaluation done by the TDLR to determine the graduate's competency in the field.

Upon licensure, the graduate may engage in the chosen field for compensation.

REFUND POLICY

The institution follows the Minimum Cancellation and Settlement Policy approved by the accrediting agency unless another refund is applicable to the student, which renders a greater benefit to the student. Factors that determine which refund policy applies include, but are not limited to:

- a) Whether the student is a first-time student at this institution
- b) Whether the student is a recipient of Title IV financial aid
- c) Whether the student is scheduled for cash payments

The following nine elements are common to the state refund guidelines and the standard cancellation and refund policy requirements established by the school's accrediting agency. The specific schedule of tuition adjustments are applicable to each refund calculation.

CANCELLATION AND REFUND POLICY COMMON ELEMENTS

1. An applicant not accepted by the school shall be entitled to a refund of all monies paid. This refund will be made within 30 days of notice to the applicant of non- acceptance.

2. If a student (or in the case of a student under legal age, his/her parent/guardian) cancels the enrollment in writing within 72 hours (until midnight of the third day excluding Saturdays, Sundays, and legal holidays) of signing the enrollment agreement all monies collected by the school shall be refunded. The cancellation date will be determined by the postmark on written notification or the date said information is delivered to the school director in person. This policy applies regardless of whether the student has actually started training.
3. If a student cancels his/her enrollment more than 3 days after signing the contract and prior to entering classes, he/she shall be entitled to a refund of all monies paid to the school less a registration fee of \$100.00.
4. "Enrollment Time" is defined as program time expressed in scheduled hours as specified by the registration contract between the actual starting date and the date of the last day of physical attendance in the school. Any monies due to the applicant or student shall be refunded within 30 days of formal cancellation by the student as defined in item two (2) or formal termination by the school, which shall occur no more than 14 days from the last day of physical attendance, or the scheduled date of return from a leave of absence.
5. The refund schedule will apply to tuition and fees charged in the enrollment agreement. Other miscellaneous charges to the student for books, extra kit items, products, etc., or debts to school incurred by the student will be calculated separately at the time of withdrawal.
6. In case of illness or disabling accident, death in the immediate family or other circumstances beyond the control of the student, the school will make a settlement, which is reasonable and fair to both.
7. If permanently closed or no longer offering instruction after a student has started, the school will provide a prorata refund of tuition to the student. If the program is canceled subsequent to a student's enrollment, but prior to a student's start date, the school will provide a full refund of all monies paid.
8. Any refunds owed by the school to Title IV recipients will be paid as applicable, first to the Federal Pell Grant, second to SEOG, third to state agencies, and last to the student. If the student has received personal payments of Title IV aid, he/she may be required to refund the aid to the applicable program.
9. Students attending the institution for the first time who withdraw or terminate prior to program completion and who are recipients of Title IV funds, shall be evaluated for a prorata refund calculated according to federal guidelines unless the date of withdrawal is after the 60% point in elapsed time in the period of enrollment for which the student has been charged.
10. Refunds, when due, will be made without requiring a request from the student.

CANCELLATION AND REFUND POLICY SCHEDULE

For students who enroll and begin classes, the following schedule of tuition adjustment is authorized:

If a student begins a program of training at Houston Training Schools and, during the last 50 percent of the program, withdraws from the program or is terminated by the school, the school:

1. may retain 100 percent of the tuition and fees paid by the student; and
2. is not obligated to refund any additional outstanding tuition.

If a student begins a program of training at a Houston Training Schools and, before the last 50 percent of the program, withdraws from the program or is terminated by the school, the school shall refund:

1. 90 percent of any outstanding tuition for a withdrawal or termination that occurs during the first week or first one-tenth of the program, whichever period is shorter;
2. 80 percent of any outstanding tuition for a withdrawal or termination that occurs after the first week or first one-tenth of the program, whichever period is shorter, but within the first three weeks of the program;
3. 75 percent of any outstanding tuition for a withdrawal or termination that occurs after the first three weeks of the program but not later than the completion of the first 25 percent of the program; and
4. 50 percent of any outstanding tuition for a withdrawal or termination that occurs not later than the completion of the first 50 percent of the program.

A refund owed under this section must be paid not later than the 30th day after the date the student becomes eligible for the refund.

RETURN OF TITLE IV, HEA POLICY

When you apply for financial aid, you sign a statement that you will use the funds for educational purposes only. Therefore, if you withdraw before completing your program, a portion of the funds you received may have to be returned. Houston Training Schools will calculate the amount of tuition to be returned to the Title IV, HEA Federal fund programs according to the policies listed below.

RETURN TO TITLE IV FUNDS POLICY

This policy applies to students who withdraw officially or unofficially, fail to return from a leave of absence or are dismissed from enrollment at Houston Training Schools. It is separate and distinct from Houston Training School's refund policy. (Refer to institutional refund policy)

The calculated amount of the Return of Title IV, HEA (R2T4) funds that are required for the students affected by this policy are determined according to the following definitions and procedures as described by regulations.

The amount of Title IV, HEA aid earned is based on the amount of time a student spent in academic attendance, and the total aid received; it has no relationship to student's incurred institutional charges. Because these requirements deal only with Title IV, HEA funds, the order of return of unearned funds do not include funds from sources other than the Title IV, HEA programs.

Title IV, HEA funds are awarded to the student under the assumption that he/she will attend school for the entire period for which the aid is awarded. When the student withdraws, he/she may no longer be eligible for the full amount of the Title IV, HEA funds that were originally scheduled to be received. Therefore, the amount of Federal funds earned must be determined. If the amount disbursed is greater than the amount earned, unearned funds must be returned.

The Institution has 45 days from the date that the institution determines that the student withdrew to return all unearned funds for which it is responsible. The school is required to notify the student if they owe a repayment via written notice.

The school must advise the student or parent that they have 14 calendar days from the date that the school sent the notification to accept a post withdrawal disbursement. If a response is not received from the student or parent within the required time frame, the student declines the funds, and the school will return any earned funds that the school is holding to the Title IV, HEA programs.

REQUIREMENTS FOR WITHDRAWALS PRIOR TO PROGRAM COMPLETION AND ADDING PROGRAMS

Students who withdraw from enrollment prior to program completion must:

- Complete all required exit paperwork and attend an exit interview.
- Make satisfactory payment arrangements for all debts owed to the school.

Upon completion of the withdrawal requirements, a certified final transcript will be released to the student and to the state regulatory agency. If withdrawal requirements are not met, no transcript will be released.

Once enrolled in a program of study, a student may not add another program until the first program is completed or the student withdraws from the first program and completes withdrawal requirements.

"OFFICIAL" WITHDRAWAL FROM THE SCHOOL

A student is considered to be "Officially" withdrawn on the date the student notifies the Financial Aid Director or School Director in writing of their intent to withdraw. The date of the termination for return and refund purposes will be the earliest of the following for official withdrawal:

1. The date student provided official notification of intent to withdraw in writing or orally to the School Director
2. The date the student began withdrawal from Houston Training Schools records. A student is allowed to rescind his notification in writing and continue the program. If the student subsequently drops, the student's withdrawal date is the original date of notification of intent to withdraw.

Upon receipt of the official withdrawal information, Houston Training Schools will complete the following:

1. Determine the student's last date of attendance as the last recorded date of academic attendance on the school's attendance record;
2. Two calculations are performed:
 - a. The student's ledger card and attendance record are reviewed to determine the calculation of Return of Title IV HEA funds the student has earned, and if any, the amount of Title IV funds for which the school is responsible. Returns made to the Federal Funds Account are calculated using the Department's Return of Title IV HEA Funds Worksheets, scheduled attendance and are based upon the payment period.
 - b. Calculate the school's refund requirement (see school refund calculation).
3. The student's grade record will be updated to reflect his/her final grade.
4. Houston Training Schools will return the amount for any unearned portion of the Title IV funds for which the school is responsible within 45 days of the date the official notice was provided.
5. Houston Training Schools will provide the student with a letter explaining the Title IV, HEA requirements:
 - a. The amount of Title IV assistance the student has earned. This amount is based upon the length of time the student was enrolled in the program based on scheduled attendance and the amount of funds the student received.
 - b. Any returns that will be made to the Title IV, HEA Federal programs on the student's behalf as a result of exiting the program. If a student's scheduled attendance is more than 60% of the payment period, he/she is considered to have earned 100% of the Federal funds received for the payment period. In this case, no funds need to be returned to the Federal funds.
 - c. Advise the student of the amount of unearned Federal funds and tuition and fees that the student must return, if applicable.
6. Supply the student with a ledger card record noting outstanding balance due to the school and the available methods of payment. A copy of the completed worksheet, R2T4 check, letter and final ledger card will be kept in the student's file.

In the event a student decides to rescind his or her official notification to withdraw, the student must provide a signed and dated written statement that he/she is continuing his or her program of study and intends to complete the payment period. Title IV, HEA assistance will continue as originally planned. If the student subsequently fails to attend or ceases attendance without completing the payment period, the student's withdrawal date is the original date of notification of intent to withdraw.

UNOFFICIAL WITHDRAWAL FROM THE SCHOOL

In the event that the school unofficially withdraws a student from the school, the School Director and/or Admissions Director must complete the Withdrawal Form using the last date of attendance as the drop date.

Any student that does not provide official notification of his or her intent to withdraw and is absent for more than 14 consecutive calendar days, fails to maintain satisfactory academic progress, fails to comply with the school's attendance and/or conduct policy, does not meet financial obligations to the school, or violates conditions mentioned in the Houston Training School contractual agreement, will be subject to termination and considered to have unofficially withdrawn.

Within one week of the student's last date of academic attendance, the following procedure will take place:

1. The education office will make three attempts to notify the student regarding his/her enrollment status;
2. The school will determine and record the student's last date of attendance as the last recorded date of academic attendance on the academic record;
3. The student's withdrawal date is determined as the date the day after 14 consecutive calendar days of absence;
4. The school will notify the student in writing of their failure to contact the school and attendance status resulting in the current termination of enrollment;

5. Houston Training Schools calculates the amount of Federal funds the student has earned, and, if any, the amount of Federal funds for which the school is responsible.
6. The school will calculate the school's refund requirement (see school refund calculation);
7. Houston Training School's Executive Financial Director will return to the Federal funds program any unearned portion of Title IV funds for which the school is responsible within 45 days of the date of withdrawal determination was made and note the return on the student's ledger card;
8. If applicable, Houston Training Schools will provide the student with a refund letter explaining Title IV requirements":
 - a. The amount of Title IV aid the student has earned based upon the length of time the student was enrolled and scheduled to attend in the program and the amount of aid the student received.
 - b. Advise the student in writing of the amount of unearned Title IV aid and tuition and fees that he/she must return, if applicable.
 - c. The school will supply the student with a final student ledger card showing outstanding balance due the school and the available methods of payment.
9. A copy of the completed worksheet, R2T4 transfer, letter and final ledger card will be kept in the student's file.

WITHDRAW BEFORE 60%

The institution must perform an R2T4 calculation to determine the amount of earned aid through the 60% point in each payment period or period of enrollment. The institution will use the Department of Education's prorata schedule to determine the amount of the R2T4 funds the student has earned at the time of withdrawal.

WITHDRAW AFTER 60%

After the 60% point in the payment period or period of enrollment, a student has earned 100% of the Title IV, HEA funds he or she was scheduled to receive during this period. The institution must still perform an R2T4 calculation to determine the amount of aid that the student has earned. Houston Training Schools measures progress in Clock Hours and uses the payment period for the period of calculation.

THE CALCULATION FORMULA:

Determine the amount of Title IV, HEA aid that was disbursed plus Title IV/HEA aid that could have been disbursed.

Calculate the percentage of Title IV, HEA aid earned:

1. Divide the number of clock hours scheduled to be completed in the payment period as of the last date of attendance in the payment period by the total clock hours in the payment period,

$\text{HOURS SCHEDULED TO BE COMPLETED} \div \text{TOTAL HOURS IN PERIOD} = \% \text{EARNED}$

2. If this percentage is greater than 60%, the student earns 100%.

3. If this percentage is less than or equal to 60%, HTS proceeds with the following calculation.

$\text{Percentage earned from (multiplied by) total aid disbursed or could have been disbursed} = \text{AMOUNT STUDENT EARNED.}$

$\text{Subtract the Title IV aid earned from the total disbursed} = \text{AMOUNT TO BE RETURNED.}$

$100\% \text{ minus percent earned} = \text{UNEARNED PERCENT}$

$\text{Unearned percent (multiplied by) total institutional charges for the period} = \text{AMOUNT DUE FROM THE SCHOOL.}$

If the percent of Title IV aid disbursed is greater than the percent unearned (multiplied by) institutional charges for the period, the amount disbursed will be used in place of the percent unearned.

If the percent earned (multiplied by) institutional charges for the period are less than the amount due from the school, the student must return or repay one-half of the remaining unearned Federal Pell Grant.

The student is not required to return the overpayment if the amount is equal to or less than 50% of the total grant assistance that was disbursed/or could have been disbursed. The student is also not required to return an overpayment if the amount is \$50 or less.

Houston Training Schools will issue a grant overpayment notice to the student within 30 days from the date of the school's determination that the student withdrew, giving the student 45 days to either:

1. Repay the overpayment in full to Houston Training Schools, or
2. Sign a repayment agreement with the U.S. Department of Education.

ORDER OF RETURN

Houston Training Schools is authorized to return any excess funds after applying them to current outstanding Cost of Attendance (COA) charges. A copy of the Institutional R2T4 worksheet performed on your behalf is available through the office upon student request.

In accordance with Federal regulations, when Title IV, HEA financial aid is involved, the calculated amount of the R2T4 Funds is allocated in the following order:

- Federal Pell Grants for which a Return was required
- Iraq and Afghanistan Service Grant for which a Return is required
- Federal Supplemental Educational Opportunity Grant
- Other Title IV assistance
- State Tuition Assistance Grants (if applicable)
- Private and institutional aid
- The Student

EARNED AID

Title IV, HEA aid is earned in a prorated manner on a per diem basis (calendar days or clock hours) up to the 60% point in the trimester. Title IV, HEA aid is viewed as 100% earned after that point in time. A copy of the worksheet used for this calculation can be requested from the financial aid director.

POST WITHDRAWAL DISBURSEMENT

If you did not receive all of the funds that you have earned, you may be due a post-withdrawal disbursement. Houston Training Schools may use a portion or all of your post-withdrawal disbursement for tuition and fees (as contracted with Houston Training Schools).

The institution must disburse any Title IV, HEA grant funds a student is due as part of the post-withdrawal disbursement within 45 days of the date the school determined the student withdrew.

For all other school charges, Houston Training Schools needs your permission to use the post- withdrawal disbursement. If you do not give permission, you will be offered the funds.

However, it may be in your best interest to allow the school to keep the funds to reduce your debt at the school.

The post-withdrawal disbursement must be applied to outstanding institutional charges before being paid directly to the student.

TIME FRAME FOR RETURNING AN UNCLAIMED TITLE IV, HEA CREDIT BALANCE

If a school attempts to disburse the credit balance by check and the check is not cashed, the school must return the funds no later than 240 days after the date the school issued the check.

If a check is returned to the school, the school may make additional attempts to disburse the funds, provided that those attempts are made not later than 45 days after the funds were returned. When a check is returned, and the school does not make another attempt to disburse the funds, the funds must be returned before the end of the initial 45-day period.

The school must cease all attempts to disburse the funds and return them no later than 240 days after the date it issued the first check.

INSTITUTION RESPONSIBILITIES

Houston Training School's responsibilities in regard to Title IV, HEA funds follow:

- Providing students with information on this policy;
- Identifying students who are affected by this policy and completing the return of Title IV, HEA fund calculation for those students;
- Returning any Title IV, HEA funds due to the correct Title IV, HEA programs. The institution is not always required to return all of the excess funds. There are situations once the R2T4 calculations have been completed in which the student must return the unearned aid.

OVERPAYMENT OF TITLE IV, HEA FUNDS

Any amount of unearned grant funds that you must return is called an overpayment. The amount of grant overpayment that you must repay is half of the grant funds you received or were scheduled to receive. You must make arrangements with Houston Training Schools or The Department of Education to return the amount of unearned grant funds.

Student Responsibilities in Regard to Return of Title IV, HEA funds

- Returning to the Title IV, HEA programs any funds that were disbursed to the student for which the student was determined to be ineligible via the R2T4 calculation.
- Any notification of withdrawal should be in writing and addressed to the appropriate institutional official.
- A student may rescind his or her notification of intent to withdraw. Submission of an intent to rescind a withdrawal notice must be filed in writing.
- Either of those notifications, to withdraw or to rescind withdrawal must be made to the official records/registration personnel at your school.

REFUND VS. RETURN TO TITLE IV, HEA FUNDS

The requirements for the Title IV, HEA program funds when you withdraw are separate from any refund policy that Houston Training Schools may have to return to you due to a cash credit balance. Therefore, you may still owe funds to the school to cover unpaid institutional charges. Houston Training Schools may also charge for any Title IV, HEA program funds that they were required to return on your behalf.

If you do not already know what Houston Training School's return policy is, you may ask your School Director for a copy.

Return to Title IV, HEA Questions?

If you have questions regarding Title IV, HEA program funds after visiting with your financial aid director, you may call the Federal Student Aid Information Center at 1-800-4-FEDAID (1-800-433-3243). TTY users may call 800-730-8913. Information is also available on student aid on the web at www.studentaid.ed.gov.

***This policy is subject to change at any time, and without prior notice.**

DISCIPLINARY PROBATION

Students of the school are expected to follow the Standards of Conduct and adhere to the policies of the school. Students not following the STANDARDS AND POLICIES of the school in any calendar month are placed on probation for the following month. If the student does not correct the circumstances causing the probation during the month of probation, he/she again will be placed on probation. After three probationary periods, the student may be dismissed from school.

DISCIPLINARY SUSPENSION/DISMISSAL

A student may be dismissed from the school for the following reasons:

- Accumulation in excess of three probationary periods
- An action which causes or could cause bodily harm to any patron, student or employee.
- Threatening the life of a patron, student or employee
- Theft
- Engaging in the manufacture, distribution, dispensation, possession or use of a controlled substance
- Willful destruction of school property
- Non-payment of tuition as scheduled in the registration contract
- Possession of a weapon

REENTRY

Former students of the school who wish to reenter, must request reentry approval in writing or in person from school administration. Students in good standing who withdraw temporarily may reenter without loss of training hours. Students who reenter will be evaluated scholastically in the same manner as a transfer student to determine class level assignment.

Tuition rates current at the time of reentry will apply unless adjustments are made due to mitigating circumstances. Arrangements for satisfactory payment of any applicable balance owed under previous enrollment(s) must be made prior to reentry. Students who have the current textbook and adequate kit components, may opt out of purchasing HTS kits/books.

TRANSFER/PREVIOUS CREDIT

The school will administer a scholastic evaluation to students wishing to transfer to the school. Based on the test results, the school may recognize credit for all or part of the applicant's previous training or work experience provided it is recognized by the state regulatory agency. Transfer students must comply with the class level assigned as a result of the scholastic evaluation. In addition, such students must meet all regular entrance and registration requirements. If approved for enrollment, tuition will be charged at the hourly rate effective for the program at the time of enrollment plus a registration fee of \$100.00.

Houston Training Schools may recognize credit for previous education, training, or work experience approved by the state regulatory agency or require the student desiring to transfer hours to take both written and practical tests to determine how many hours may be accepted. This credit may be used to shorten the length of the program selected. The school maintains a written record of the previous education and training which clearly shows the credit given to the student for previous training. Students desiring to transfer from one program to another will be given credit for previous training hours which are recognized and approved by the state regulatory agency. Students who have the current textbook and adequate kit components, may opt out of purchasing HTS kits/books.

Enrollment is available for students wishing to transfer to Houston Training Schools after they have withdrawn from other cosmetology schools both in and out of state. Houston Training Schools does not recruit students already attending another school offering similar programs of study. The student must submit certification of hours from TDLR prior to signing the enrollment agreement. Credit for previous education and training in licensed cosmetology training programs may be granted. The acceptance of transfer hours is at the discretion of Houston Training Schools. All hours attempted will count toward the Title IV HEA funding 150% quantitative requirement. The student must meet all regular entrance and registration requirements. Before a transferring student can be enrolled, he/she will be evaluated to determine academic needs. Students accepted for admission may be required to purchase the school's current kit.

REFRESHER COURSE

The school offers Refresher training not to exceed 150 clock hours for individuals who have been out of school for an extended period of time and not yet obtained licensure, and to licensees who wish to reenter school and update their professional skills. Applicants for a refresher course will receive a scholastic evaluation to determine individual training needs. Contact the Registrar for more information.

PRIVACY AND FILE ACCESS POLICY

STUDENT'S RIGHT OF ACCESS/STUDENT RIGHT OF PRIVACY

In accordance with the Family Educational Rights and Privacy Act of 1974 (FERPA), Houston Training Schools has adopted the following policies and/or procedures:

This policy was designed to protect the privacy of education records, to establish the right of students or guardian of a dependent minor student to inspect and review their education records, and to provide guidelines for the correction of inaccurate or misleading data through informal and formal hearings. This is a notice of students' basic rights under the law and explains certain procedures for Houston Training Schools' full compliance with the law.

Students or guardians of a dependent minor student may inspect and review their education records upon written request to the School Director. Students or a guardian of a dependent minor student should complete the Release of Information form each time the student or guardian needs to access personal student information identifying as precisely as possible the records they wish to inspect. The School Director will arrange for access as promptly as possible and will notify the student or guardian of a dependent minor student of the time and place where the records may be inspected and/ or copied. Access will be allowed no more than 45 days after receipt of the written request. When a record contains information about more than one student, the student or guardian of a dependent minor student may inspect and review only the records that relate to him/her.

Houston Training Schools reserves the right to refuse to permit a student or guardian of a dependent minor student to inspect the following records:

1. The financial statement(s) of the student's parents.
2. Education records containing information about more than one student, in which case HTS will permit access only to that part of the record that pertains to the inquiring student. (May seek release from other student(s) to reveal the record.)
3. Those records which are excluded from the FERPA definition of education records.

HTS reserves the right to refuse to provide copies of educational records (not required to be made available under FERPA) if the student has an overdue financial obligation to Houston Training Schools, or if there is an unresolved disciplinary or academic dishonesty action against the student. HTS will disclose information to third parties from a student's education/ financial records only with the written consent of the student, except in cases allowable under FERPA (including legal and accreditation purposes.)

A student or guardian of a dependent minor student who believes that information contained in the education records is inaccurate, misleading, or in violation of their privacy rights may request in writing that the records be amended. A student or guardian of a dependent minor student should identify the part of the record she/he wants changed and specify why it is believed to be inaccurate, misleading, or in violation of privacy rights. After a decision is made, the student or guardian of a dependent minor student will be informed within a reasonable amount of time after receiving the request. If the decision is not to amend the record(s), the student or guardian of a dependent minor student has the right to a hearing. The hearing will be conducted by a School official who does not have a direct interest in the outcome of the hearing. The hearing will be held within a reasonable amount of time after it is requested notifying the student in advance of the date, place, and the School official will make a decision in writing based on the evidence presented at the hearing including a summary of the evidence and the reasons for the decision.

If the School official supports the complaint, the education record will be amended accordingly, and the student or guardian of a dependent minor student will be informed. If the School official decides not to amend the education record, a student or guardian of a dependent minor student has the right to place in the education records a statement commenting on the challenged information and/or stating the reasons for disagreeing with the decision. This statement will be maintained as part of the education record as long as the contested portion is maintained, and whenever a copy of the education record is sent to any party, the student's statement will be included.

Houston Training Schools policy statement implementing FERPA is available for review in the Administrative Office. Students or a guardian of a dependent minor student should address questions, concerns, or problems to the Administrative office. Students or a guardian of a dependent minor student may file complaints regarding alleged failure to

comply with FERPA with The Family Policy Compliance Office, US Department of Education, 400 Maryland Avenue, SW, Washington, DC 20202-5920; (800) 872-5327.

SCHOLARSHIPS

The school offers limited scholarships to qualified applicants. To determine an applicant's eligibility for full or partial scholarship, he/she must complete a Financial Aid Application and provide a resume, letter(s) of recommendation and any additional information as requested. Scholarships are awarded on the basis of need, ability to excel, personal desire and interview results. Contact the registrar's office for availability of other scholarships. Scholarship may be revoked for immoral or unethical behavior.

TARDINESS

A student more than 5 minutes late for the morning theory class may not be allowed to clock in until the second hour of school. A determination of whether the student will be allowed to clock in and attend class is made by the school staff based on the frequency of occurrence and the circumstances causing the tardiness. Students are expected to attend theory class as scheduled. Continued tardiness may result in probation, other disciplinary action, or ultimately expulsion from school.

In the event a student is allowed to enter class late, he/she will be allowed to clock in and receive credit for the time in class. If a student is denied admittance to the class due to tardiness, the student will not be allowed to clock in, will not be allowed to participate in curriculum related activities until the second hour, and will not receive credit prior to being allowed to clock in, credit is only given for the actual time the student is "clocked in" according to policy.

DRUG ABUSE PREVENTION

The school actively supports the prevention of drug abuse. A list of agencies and counselors is maintained in the administrative office of each campus and is available to any student requesting assistance in this area.

EMPLOYMENT ASSISTANCE

While the school cannot guarantee employment for graduates, assistance in finding suitable employment is provided by posting area job openings on a career opportunities bulletin board for students to review. Students also receive training in how to write a resume, complete an employment application and prepare for an effective interview. When our graduates succeed, we succeed.

TRAINING is the important first step to an enjoyable, successful career in one of the above areas. If you like to work with people, and have an aptitude for the field, a cosmetology education may be a pathway to a secure income and a solid future.

COSMETOLOGY/BARBER CAREER CONSIDERATIONS

Applicants interested in pursuing a career in cosmetology or a related field should consider all aspects of such a decision. Persons who want to become a cosmetology professional must:

- ❖ Have finger dexterity and a sense of form and artistry.
- ❖ Enjoy dealing with the public and be able to follow client directions.
- ❖ Keep abreast of the latest fashions and beauty techniques.
- ❖ Work long hours while building a personal clientele in order to make the desired income.
- ❖ Make a strong commitment to the educational process and finish school.
- ❖ Learn business skills applicable to the desired position.

In addition, prospective students should be aware that:

1. The work can be arduous and physically demanding because of long hours standing with hands at shoulder level or sitting at a nail technician's station.
2. A personal investment may be required for advertising and promotions such as printing of business cards or cooperative advertising.
3. There will be exposure to various chemicals and fumes which may cause allergic reactions.
4. The practice of safety and sanitation is essential for effective and successful performance within the industry.
5. Methods of compensation vary and may include straight salary, salary plus commission, straight commission, sliding scale commission, retail commission or independent contracting (renting space and equipment from an existing salon.)

JOB DEMAND IN COSMETOLOGY/BARBERING

National statistical surveys* indicate the following:

- There were 1,286,000 professionals employed in the nation's 296,563 beauty salons, barber shops, skin care salons and nail salons
 - The salon industry continues to be a job seekers market.
 - 70% of salon owners classified their salons as a full-service salon, 13 % as a hair cutting salon, 4% as a nail salon and 9% as a barber shop.
 - 60% of salon employees work full time, 29% are part time (20-35 hours), and 11% are low time (less than 20 hours).
 - The average salary reported by salon owners for full time cosmetologists was \$18.50/hour.
 - Data obtained from large chain salons indicate that their typical employee could gross well over\$ 40,000 per year.

COST OF ATTENDANCE

Please refer to the addendum to this catalog for a list of program offerings for each campus and actual tuition costs for each program offered.

FEES AND CHARGES

TRANSFER FEE: Students transferring to the school with previous program hours will be charged an entry fee of \$100.00 in addition to the tuition cost. There is no transfer fee for transferring to another Houston Training School campus if such transfer occurs within ten (10) days of withdrawal. No additional registration fee is charged.

REGISTRATION FEE: A 100.00 registration fee is charged in addition to the cost of attendance for each program of study. This registration fee is due prior to the student starting school.

ADDITIONAL INSTRUCTION: Each program has been scheduled for completion within an allotted amount of time. For those students failing to complete the program within the specified time, an additional instruction charge (absentee tuition)

will be levied based on a per hour rate. The per hour rate is computed based on each individual program cost divided by the total hours in the program. These charges are not assessed until the contract period has expired.

TRANSCRIPT FEE: Transfer Requests to another school must be accompanied by a \$2.00 transfer or transcript fee. There is no fee for a student transferring from one Houston Training School to another, however, a request must be submitted in writing to the administrative office.

ADMINISTRATIVE FEE: Students withdrawing prior to program completion will be assessed a \$100.00 administrative fee in addition to the applicable charges listed in the refund policy schedule.

KITS AND BOOKS

A basic kit and books are included in the cost of attendance.

TUITION PAYMENT

The student's tuition may be paid through various federal and state financial assistance programs that the student has been or will be awarded and through various federal, state, institutional or other scholarships, grant or loan programs. Awards of federal assistance received by students from one or more of the programs will be applied towards tuition owed as prescribed by federal regulations and guidelines.

TO DETERMINE WHICH FINANCIAL AID PROGRAMS ARE AVAILABLE AT EACH CAMPUS, CHECK WITH THE FINANCIAL AID ADVISOR AT THE CAMPUS.

FEDERAL ASSISTANCE PROGRAM

The school is approved as an eligible institution by the Department of Education to participate in the Title IV grant program.

FEDERAL PELL GRANTS

Pell is a federal grant available to undergraduate students to help pay for their education. Eligibility for the Pell program is determined by a set of guidelines based mainly on the individual's income (or the parent's income if the student is determined to be a dependent student). Since the Pell grant is an entitlement program, all students are encouraged to apply. Application for current year Pell Grant must be received by the appropriate application processor NO LATER THAN June 1 of that year.

FEDERAL SUPPLEMENTAL EDUCATIONAL OPPORTUNITY GRANT

The maximum FSEOG for a full academic year is usually \$4,000. The minimum FSEOG amount is \$100, but the amount may be prorated if the student is enrolled for less than an academic year. HTS strives to award FSEOG to as many students as possible.

The FSEOG maximum award for a student applies to both the federal share and the required non-federal share. The FSEOG federal dollars awarded to a student are considered to be 75 percent of that student's total FSEOG award, and the school must account for the remaining 25 percent non-federal share, regardless of the type of school resources used and the method used to match.

When awarding FSEOG funds for an award year, students with the lowest EFC who will also receive Pell Grants in that award year are selected. This group is known as the FSEOG first selection group. A student who will receive a Pell Grant in the award year is a student who has demonstrated Pell Grant eligibility for the same award year based upon an EFC that has been calculated for the student or the EFC on the student's valid ISIR. A student who receives a Pell Grant at any time in the award year may be awarded and FSEOG for that award year; the student does not have to receive a Pell Grant in the same payment period as the FSEOG. After making awards to all Pell Grant recipients for that award year, remaining FSEOG funds are awarded to students with the lowest EFCs who are not receiving Pell Grants. This group of students is known as the FSEOG second selection group. Exceptions are granted in the event of extenuating circumstances. FSEOG is typically awarded after the final Pell Payment. Documentation of the eligible EFC that was calculated for the student is kept, and Pell Grant eligibility is confirmed prior to disbursement of the FSOEG. If the student loses Pell Grant eligibility prior to the disbursement of the FSEOG, then FSEOG award is canceled. This policy is reviewed annually.

GENERAL INFORMATION

Students may receive additional information for Title IV programs, including which programs are available at each campus, in the school's administration office. Assistance is provided upon student request by the Financial Aid advisor. Students who are eligible to receive financial assistance under any Title IV financial aid program must meet academic and attendance requirements set forth in the school's Satisfactory Academic Progress Policy to remain eligible for scheduled disbursements.

GENERAL COST OF ATTENDANCE/BUDGET

Financial aid eligibility is limited by the cost of attendance for the student's program of study, or for each academic year of a program longer than one year in length. As required by law, the cost of attendance includes both institutional charges, such as tuition and fees, and institutionally determined expense allowances for living costs, transportation, and other allowable expenses. Living costs are required to be included in cost of attendance calculations regardless of whether housing is provided by the institution or if students reside off-campus. These expense allowances do not represent fees assessed to students by the institution. The only fees for which students are liable are the tuition and other fees outlined in your enrollment agreement. These estimated expense allowances are only used for compliance and financial aid eligibility purposes.

In addition to tuition, fees, books, and kit costs, a dependent student living at home can expect to have monthly living expenses for room and board, personal expenses and transportation of approximately \$451.00. A student living away from home while attending school can expect to have monthly living expenses for room, board, personal expenses and transportation of \$729.00. Students with dependent children must also budget for reasonable child care costs. It is important to remember that an individual will have personal expenses and room and board whether or not the individual is attending school. The cost of attendance may be adjusted if more than one person in a family is enrolled in postsecondary education.

Practical assignments are evaluated as completed and counted toward program completion ONLY when rated as satisfactory or better. Practical skills are evaluated according to written procedures and performance standards established by the state licensing agency. Students must maintain a theory grade average of 70% and pass a FINAL written and practical exam prior to graduation. Students must make up-failed or missed tests and incomplete assignments. Numerical grades are considered according to the following scale:

SATISFACTORY ACADEMIC PROGRESS POLICY

The satisfactory academic progress (SAP) policy applies to all students enrolled in a Council on Occupational Education and Texas Department of Licensing and Regulation approved program whether receiving Federal Title IV, HEA funds or not.

The Cosmetology Program (1000 clock hours and 40 weeks), Esthetician Program (750 clock hours and 25 weeks), and Manicuring Program (600 clock hours and 20 weeks) are currently eligible for Title IV, HEA funding.

Satisfactory Progress in attendance and academic work is a requirement. Academic work is evaluated on a cumulative basis. Students must maintain SAP to continue eligibility for Title IV funding.

To determine SAP, all students are evaluated in academics and attendance at the evaluation points listed below.

Students are advised of their academic and attendance status via a progress report.

ATTENDANCE PROGRESS = Work Ethics

Students must attend a minimum of 67% of the cumulative scheduled hours to maintain SAP and complete the program within the maximum allowed time frame. The attendance percentage is determined by dividing the total hours by the total number of hours scheduled. Students are expected to attend classes as per their enrollment agreement. Students are responsible to clock in and out appropriately to document their hours. The only documentation accepted for student hours is the time clock system.

A student more than 5 minutes late for the morning theory class may not be allowed to clock in until the second hour of school. A determination of whether the student will be allowed to clock in and attend class is made by the school staff based on the frequency of occurrence and the circumstances causing the tardiness. Students are expected to attend theory class as scheduled. In the event a student is allowed to enter class late, he/she will be allowed to clock in and receive credit for the time in class. If a student is denied admittance to the class due to tardiness, the student will not be allowed to clock in, will not be allowed to participate in curriculum related activities until the second hour, and will not receive credit prior to being allowed to clock in. Continued tardiness may result in disciplinary action up to and including termination. Students who are going to be absent are expected to call the school prior to the beginning of their scheduled shift.

All absences are recorded and made a part of the school permanent record. The student is responsible for class material and/or tests missed while absent. Students are encouraged not to miss any days during their scheduled Phase I. Students who miss 10 consecutive school days (14 calendar days) without communicating with the School Director/designee may be terminated on the 11th consecutive school day as an unofficial withdrawal.

Students who persist in repeating patterns of absenteeism will be advised and will be subject to appropriate disciplinary action. Students who have excessive absences may be terminated; re-enrollment is at the discretion of the school.

QUANTITATIVE REQUIREMENTS = Maximum Time Frame (150% process):

The maximum time frame is equal to 1.5 times the published length of the program. Authorized leaves of Absences (LOA) will not be considered in the maximum time frame evaluation. You need to be aware that a LOA will extend your contract period and max time frame by the same number of days taken in the LOA.

Examples: Cosmetology program would be 1000 + 500 clock hours = 1500 scheduled hours and for the Manicuring program it would be 600 + 300 clock hours = 900 scheduled hours.

PROGRAM	MAXIMUM TIME ALLOWED	
	Scheduled Hours	Weeks
Cosmetology Program - 1000 clock hours	1500	50
Manicuring Program - 600 clock hours	900	30
Esthetician Program - 750 clock hours	1125	38
Barbering Program – 1000 clock hours	1500	50

TITLE IV, FUNDING AND SAP EVALUATION POINTS

SAP evaluation periods are based on actual contracted hours at the school. Students will be notified of all SAP Evaluation results at the end of each payment period. The following is an example of the minimum number of hours and weeks that a student must complete at the end of each payment period to be considered eligible to receive the next Title IV, HEA Aid payments.

Cosmetology program: 1000 clock hours and 40 weeks of instruction

The funding will be disbursed at:

Payment Period	Clock hours	Weeks
2	450	15 *
3	900	10 *

Barbering program: 1000 clock hours and 40 weeks of instruction

The funding will be disbursed at:

Payment Period	Clock hours	Weeks
2	450	15 *
3	900	10 *

Manicuring program: 600 clock hours and 20 weeks of instruction

The funding will be disbursed at:

Payment Period	Clock hours	Weeks
2	300	10 *

Esthetician program: 750 clock hours and 25 weeks of instruction.

The funding will be disbursed at:

Payment Period	Clock hours	Weeks
2	375	12.5 *

Note:

* Students must meet their clock hour, weeks of instruction, attendance, and grade point average (GPA) requirements in order to be eligible for the next Title IV, HEA funding disbursement. Each student will be evaluated at the end of each payment period to determine eligibility. Please note: If the student is not meeting the SAP requirements, he/she will place his/her Title IV, HEA funding in jeopardy which could also result in a loss of Title IV, HEA funding.

ACADEMIC PROGRESS

Students are assigned theory study and practical assignments. Theory is evaluated by written exams given after each unit of study. Practical assignments are evaluated as completed and counted toward course completion only when rated as satisfactory or better. Practical skills are evaluated according to text procedures and performance standards established by the state licensing agency. Students must maintain a grade average of 70% and pass a FINAL written and practical exam prior to graduation. Numerical grades are considered according to the following grading scale:

Written Grade	Interpretation	Average	Grade Point
A	Excellent	90%-100%	4.0
B	Good	80%- 89%	3.0
C	Average	70%- 79%	2.0
F	Failing	Below 70%	0
I	Incomplete		

Practical Grade	Interpretation
4	Excellent
3	Good
2	Average
0-1	Failing

Academic Year Definition:

An academic year is defined as: 900 clock hours and 30 weeks of instruction for Title IV, HEA purposes.

For Title IV, HEA payments, students must meet both clock hours and weeks of instruction as well as complying with all standards for SAP before they can receive further Title IV payments.

DETERMINATION OF PROGRESS

Frequent evaluations will help determine if the student is on track to meet the minimum requirements for SAP by the next payment period. The frequency of evaluations ensures that students have ample opportunity to meet both the attendance and academic progress requirements and if not then allow those students to receive guidance in time to correct their attendance or academic progress.

Students meeting the minimum requirements for academics and attendance at the end of each evaluation period (end of payment period) will be considered making SAP until the next scheduled evaluation. Students will receive a hard-copy of their SAP determination at the time of each of the evaluations.

FINANCIAL AID WARNING

Students who fail to meet minimum requirements (67% cumulative attendance and a C or 70% GPA) for attendance and academic progress at the end of a payment period will be placed on a Financial Aid Warning the first time. Any student on Financial Aid Warning may continue to receive assistance under the Title IV, HEA programs for one payment period only.

At the end of that payment period if the student has met the minimum grade and attendance requirement the student is considered to be meeting SAP.

If the student is not meeting SAP at the end of the Financial Aid Warning Period; there will be a loss of Title IV, HEA eligibility; with the right to appeal. The student will be placed on Academic Probation Status, with a loss of Title IV, HEA funding and will be required to meet specific criteria of an improvement plan to assist them in regaining SAP and Title IV, HEA eligibility.

During this period the students will not be eligible to receive Title IV, HEA funds but he/she may continue on a cash pay basis with an approved payment plan. Arrangements for payment must be approved within 10 school days of notification of development status.

APPEAL PROCEDURES

A student who loses financial aid eligibility due to not making SAP at the end of a financial aid warning has the right to file an appeal regarding the SAP Evaluation.

A student, who wishes to appeal Academic Probation Status and loss of Title IV, HEA eligibility, must submit a written request to the School Director within five (5) business days of being notified that they are in a non-satisfactory progress status.

The student must describe any unusual circumstance(s) that the student believes deserve special consideration. A student may file an appeal on the basis of: death of a relative, injury or illness of the student or other special circumstance. The student must provide a written statement and documentation as to why they did not make SAP and what has changed that will allow them to make SAP by the next evaluation point.

Once the School Director receives the appeal, they will evaluate the appeal and provide a decision within ten (10) business days. The School Director will notify the student in writing of the decision and all decisions are final.

If the student wins the appeal they will then be placed on Financial Aid Probation, which is a status assigned by the Federal regulations to a student who fails to make SAP, who has appealed and has had Title IV, HEA eligibility for aid reinstated for one payment period only.

FINANCIAL AID PROBATION

Any student that prevails upon the appeal process shall be placed on Financial Aid probation and will be eligible to receive Title IV, HEA during this period. A student placed on Financial Aid Probation may receive Title IV, HEA program funds for one payment period only. While on Title IV, HEA Financial Aid Probation, the student must meet the institutions SAP standards and complete the requirements of the Academic Improvement Plan, which was developed by the institution to assist students in regaining their Title IV, HEA eligibility.

Those who are not making SAP at the end of the Title IV, HEA Financial Aid probation period will be ineligible to receive Title IV, HEA funds for the following payment periods. A student must meet SAP prior to having eligibility reinstated.

REQUIREMENTS FOR THE ACADEMIC IMPROVEMENT PLAN:

- Maintain an attendance percentage that will ensure the student will meet Satisfactory Academic Progress by the next payment period. 90% is suggested.
- Maintain an 80% grade point average. (The higher grade point is required to raise the overall GPA).
- Attend theory class daily (Monday through Thursday each week).
- Complete all required tests and projects assigned (tests and projects must be completed and turned in when requested).
- The academic improvement plan will be monitored by the School Director (or designated school official).
- The school will notify the student each month of his/her academic improvement status during the monthly progress report/advising session. The student's academic status will be written on the progress report form for the student to sign.
- Students choosing to remain in school while requesting an appeal will be responsible for charges accrued whether or not the appeal is granted.

REESTABLISHMENT OF STATUS

A student determined NOT to be making Satisfactory Progress may reestablish Satisfactory Progress by:

1. Making up missed tests and assignments and increasing grade average to 70% or better, and/or
2. Increasing cumulative attendance to 67% by the end of a Warning or Probation period.

REINSTATEMENT OF FINANCIAL AID

Title IV, HEA aid will be reinstated to students who have prevailed upon appeal regarding the status of SAP or who have reestablished SAP. Students on suspension of funds will be monitored weekly via an SAP report to determine when they reestablish SAP.

COURSE INCOMPLETES, REPETITIONS AND NON-CREDIT REMEDIAL COURSES

Course incompletes, repetitions and non-credit remedial courses have no effect on the institution's SAP.

REENTRY STUDENTS/INTERRUPTIONS

Students who have been terminated or withdrew from school may re-enroll (if determined eligible) within 180 days and will not incur additional charges, however these students will be responsible to pay any remaining balance from the previous enrollment that cannot be covered with reinstated federal funds.

Students who have been terminated or withdrew from school and re-enroll (if determined eligible), after more than 180 days will pay a \$100.00 registration fee and will be charged for contracted hours at the current tuition rate. All re-enrolling students will be provided the school's re-enrollment policy and will be evaluated by the school Director for placement in the curriculum and kit needs. Re-enrolling students may be required to purchase the current school kit.

A determination of SAP will be made and documented at the time of withdrawal or beginning of a LOA. That determination of status will apply to students at the time they return to school. The student may appeal a negative Satisfactory Progress determination according to the appeal policy. Elapsed time during a LOA does not affect SAP and will extend the contract period by the same number of days as the LOA. Students re-entering after exiting the school will not be evaluated as new students and consideration will be given to the student's progress status at the time of previous withdrawal. Re-enrollment is at the discretion of the school administration.

Each student may, without prejudice or fear of retaliation, express his/her grievance through the channels outlined herein with the assurance of timely and thorough consideration. Each student is assured of freedom from interference, coercion, discrimination, and reprisal in filing grievances.

DEFINITION: Grievances shall consist of matters of disagreement arising out of the school/student relationship wherein the student believes that there has been an unfair infraction, breach or misrepresentation of applicable federal or state laws, or the rules, regulations, or policies of Houston Training Schools, Inc. Among other things, this definition includes disciplinary action, health or safety hazards or alleged discrimination.

GRIEVANCE POLICIES AND PROCEDURES

1. All meetings and investigations related to grievance reviews shall be conducted during the student's regular school hours insofar as possible.
2. A student shall at first present in writing any matter of grievance to his/her instructor. This should be done within three working days from the beginning of the grievance. Only one subject matter shall be covered in any one grievance. 3. The first level of review shall be the student's instructor and the final level shall be the president. If for some reason the student prefers not to discuss a problem or grievance directly with his/her instructor, the problem or grievance may be presented in writing immediately to the next higher level of supervision. Once a grievance and the requested remedy have been submitted in writing, they may not be changed or amended in any way. Such changes by the student shall constitute a dropping of the grievance. Initiation of a new amended action must be submitted within the original time period. Upon receipt of the grievance as submitted to the school, the instructor shall consider all the facts in the case and should report his/her decision in the matter in writing to the student within ten school days after receipt of the grievance.
4. If the matter is not mutually and satisfactorily resolved at this level, the student may submit the grievance to the next supervisory person in the regular administrative channels. This should be done within three school days from delivery of the grievance decision of the instructor. The supervisor at this level shall review all the facts of the case and the decision rendered by the instructor to the next supervisory level within ten school days following receipt of the decision of the instructor, the grievance will be considered withdrawn.
5. If the student is still not satisfied, the student may request the school Director to appoint a grievance committee to hear his/her complaint. This request must be made in writing within five school days following receipt of the decision of the second level supervisor. The committee appointed by the school Director shall consist of three persons employed by the Company, one of whom may be chosen by the grievant. The school Director shall appoint the chairman. HEALTH AND SAFETY PLAN

FIRST AID

A basic first aid kit is located at the reception desk and in the administrative office areas. It contains:

- Bandages
- Gauze
- Tape
- Antiseptic
- Saline Solution

In the case of an accident, illness or cut, an instructor should be notified immediately. The instructor will assist in determining the extent of the injury and whether it is something that can be treated in the school with the first aid kit. In the case of a minor cut, the wound will be cleaned, and a bandage applied. In the case of something more serious, it will be recommended that the student or client seek medical attention. If a client has sustained an injury on the premises, he/she will be accompanied to the doctor or hospital by the school director. All relevant facts pertaining to the incident will be recorded on an Incident Report form and reported to the corporate management on the day of the occurrence.

WEAPONS POLICY

Houston Training School has a ZERO TOLERANCE weapons policy. No student, employee, or visitor to the school grounds or school sponsored activity, shall carry/possess a weapon. Violation of this policy will result in immediate dismissal and referral to the appropriate law enforcement agency for possible prosecution.

FIRE PREVENTION AND SAFETY

Each employee must always be alert to protect the school, students, and patrons from fire hazard. Report any dangerous situations to the school director immediately. Smoking is not allowed.

Procedure in Case of Fire: Reporting fires, personnel, student and patron evacuation, first aid, and firefighting are important responsibilities. If proper procedures are followed, losses and injuries can be minimized or eliminated. The maintenance and protection of property is important; however, the safety of students, patrons, and employees will be considered first in all cases.

In the event of a fire, the fire department is notified immediately. Give the name of the school, the address, nature of the fire (what is burning), and the name of the person reporting the fire.

Evacuation in case of fire, natural or other disasters, is controlled by the school director, utilizing trained employees for assistance. Evacuation will be done in the same manner as the fire drills that are conducted in your school periodically, using the same paths of exits that have been practiced. Alternative methods of exit must be planned in case the exit is blocked.

Personnel may remain in the building to fight the fire ONLY if it is detected in time to be contained safely. All personnel will attend training to familiarize themselves with all firefighting apparatus throughout the school. All personnel must know where all exit doors and fire extinguishers are located and be able to effectively operate the extinguishers.

Fire extinguishers must be serviced once a year or after each use of the extinguisher. Extinguishers should be installed away from potential fire hazards and near an escape route. Although there may be exceptions, the majority of extinguishers work with the following directions:

- PULL THE PIN
- AIM THE NOZZLE
- SQUEEZE THE HANDLE
- SWEEP FROM SIDE TO SIDE AT BASE OF FIRE UNTIL EXTINGUISHED

If there is a fire, evacuate immediately and call the fire department. Then fight the fire only if it is a small fire. If the fire gets too large, get out of the building. Close doors to slow the fire's spread. Stay between the fire and an exit. Do not let the fire block your escape path in case it goes out of control.

Fire prevention: The following safety precautions should be observed every day:

1. Never leave school while the clothes dryer is in operation.
2. Never store flammable items with water heaters or in laundry.
3. Make sure the water heater area is free of trash and debris.
4. Clean filter in clothes dryer after each use.
5. Make sure that no electrical equipment is on at the end of the day.
6. All small electrical items should be unplugged at the end of the day.
7. Electrical circuits should not be overloaded.

Most fires in a school are electrical in nature and easy to control. If a fire occurs, make sure everyone is safe, then contact the corporate management and a decision will be made at that time whether to close the school.

ROBBERY, BURGLARY, VANDALISM, THEFT PROCEDURES

To establish guidance and uniform procedure in the event that a robbery takes place, the following guidelines are set:

1. No employee or student will attempt to physically resist or stop any persons attempting to rob them. Employees will comply with the robber's request or demands.
2. The police should be called as soon as the robber/assailant leaves the premises.
3. It is important that the scene of the crime be secured so no evidence, such as fingerprints, etc., will be lost.
4. Try to remember the face, clothing, speech, any apparent scars, marks or tattoos, or other physical characteristics of the robber to give a good description to the police. All employees involved should be especially attentive in observing physical characteristics that could be used to identify individuals. Remember WHO, WHAT, WHEN, WHERE, WHY AND HOW.
5. If the robber is armed, note which hand the weapon is in.
6. If it is safe to do so, send someone outside to see which way the robber departed, or the vehicle in which he departed. You would need to observe the color, make, license, year, and body style of the vehicle.

PROCEDURES FOR BURGLARY OR VANDALISM

1. Call the police immediately
2. Take a sight inventory to ascertain what is missing and/or damaged.
3. Notify the corporate office.
4. Be careful not to disturb any physical evidence
5. Give police any information you may have on persons who might be involved.
6. Obtain a copy of the police report and forward it to the corporate office immediately. Approximate cost is \$2.00.

TIMELY WARNING & EMERGENCY NOTIFICATION STATEMENT

Under the Clery Act (20 U.S.C. state § 1092) and its implementing regulations, Houston Training Schools, Inc, through designated personnel, is responsible for issuing a "timely warning" if a crime has been reported and HTS determines there

is a serious or continuing threat to the campus community. In addition, HTS is required to send an “emergency notification” if there is an immediate threat to the health or safety of students or employees occurring on campus.

The decision to issue a “timely warning” or an “emergency notification” will be decided on a case-by-case basis in compliance with the Clery Act and after consideration of available fact. The issuance of a timely warning may depend on the nature of the crime, the continuing danger to the campus community, and possible risk of compromising law enforcement efforts. Similarly, the issuance of an emergency notification depends upon the particular health or safety threat. HTS will, without delay, consider the safety of the community, determine the content of the notification and initiate the emergency notification, unless issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

The Campus Director will determine if an ongoing or continuing threat is a serious situation on campus, such that a timely warning should be issued. In addition, the President of HTS also has the authority to decide that an emergency notification should be issued.

If a “timely warning” or “emergency notification” is deemed necessary, it will be issued by the Campus Director, through any or all of the HTS Faculty. The warning will also be posted near the time clock, on the HTS website or other HTS web resources. Please pay careful attention to both types of warnings as they are designed to provide information that will enable you to take action to protect yourself. In the event of an emergency notification, a follow up message(s) will also be provided via the methods previously described to keep the campus community reasonably informed of the status of the event.

Anyone with information that may warrant a timely warning, or an emergency notification should report the circumstances to the HTS Campus by phone or in person.

HTS is required to test its emergency notification methods. Typically, such tests will be conducted at least twice per year. Tests will be conducted by the Campus Director and will include information advising that it is a “TEST.” These tests are designed to prepare you in case there is an actual emergency.
